About the artist

FOMICHÈV is a DJ, musician and founder of L'atelier de Musique. He has performed in more than 100 cities across the CIS, writes original music and curates playlists.

He works with fashion brands, restaurants and event agencies as a music director and guest artist. He prepares music for fashion shows and performs at presentations, dinners and private parties.

He can open an evening with a relaxed set and move on to more energetic music. Vinyl sets are available as a separate format. His look is chosen to suit the dress code.
