Technical rider

Working draft for agreement

The setup depends on the agreed performance format. Confirm the equipment list with the artist before placing an order.

01 **Format and DJ equipment**

Specify a DJ set or a vinyl set in the enquiry. Agree on the player models and quantities, mixer and connections in advance.

02 **Vinyl set**

Confirm the turntables, cartridges and styli, and a mixer with phono inputs. Agree on which items the artist brings and which the venue provides.

03 **Sound and monitoring**

Select the sound system for the venue and audience size. Agree on monitors at the artist's position with independent level control.

04 **Workspace**

Provide a stable equipment surface, safe power and cable routing. Check vibration isolation for the vinyl setup.

05 **Preparation and crew**

Agree on setup and soundcheck times. Share the contact details of a technician who will be available during the performance.

06 **Items to confirm**

Format, equipment list, connection plan, testing time and the person responsible at the venue. Agree on substitutions before the event.
